Sourav Deb

Student

I am an enthusiastic and committed student with a strong desire to secure a position in the IT industry. I am eager to apply the theoretical knowledge I have gained from my diverse coursework to add value to your organization. I am a fast learner, a collaborative team player, and I am prepared to embrace fresh challenges with a goal of making a meaningful contribution to your company's success.

08/2021 - Present *84%*

Senior Secondary
Kendriya Vidyalaya Leimakhong
06/2019 - 06/2021 *86%*

PERSONAL PROJECTS

Smart Resume Analyser (02/2023 - 03/2023)

- On the user side, individuals have the capability to upload their resumes for analysis, which provides them with a resume score and identifies any skill gaps relevant to a specific domain. Conversely, on the admin side, administrators can efficiently track the number of applicants who have submitted their resumes and swiftly filter them based on their skillsets.

Movie Genre Prediction (06/2023 - 07/2023)

- This machine learning model employs techniques like TF-IDF and word embeddings, in conjunction with classifiers such as Naive Bayes, Logistic Regression, and Support Vector Machines, to predict a movie's genre based on its plot summary or textual information.

Youtube Clone (10/2023 - 11/2023)

- Developed a cutting-edge YouTube clone project showcasing proficiency in frontend and backend development. Implemented user authentication, video uploading, and seamless playback functionality creating an intuitive and responsive user interface. The project highlights a solid understanding of web development principles and the ability to deliver a polished and user-friendly video-sharing platform.
